

Mimosa ST2215-AB

Anti-Bacterial HPKV Waterless Urinal

Features:

Luxury and modern concept, suitable for all restrooms.
 Operates entirely without water, conserving precious water resources.
 Paired with the industry leading High Performance Key-Valve (HPKV) urinal cartridge from Falcon Water Technologies.
 Completely odour-free when used correctly.
 No flushing required, providing a touch-free user experience and easy to maintain due to no devices to service.
 Protected with an anti-bacterial glaze to prevent bacterial growth and reduce microbial activity.
 The protection is certified under Japan Standard JIS Z 2801, where >99% of bacteria (specifically E Coli and Staphylococcus Aureus, the most commonly found bacteria in our bathroom) are proven killed upon contact.
